

ACADEMY METALS INC.

Financial Statements

For the years ended March 31, 2021 and 2020

(Expressed in Canadian Dollars)

INDEPENDENT AUDITORS' REPORT

To the Shareholders and Directors of Academy Metals Inc.

Opinion on the financial statements

We have audited the accompanying financial statements of Academy Metals Inc. which comprise the statement of financial position as at March 31, 2021, and the statements of loss and comprehensive loss, changes in deficiency and cash flows for the year ended March 31, 2021, and the related notes, including a summary of significant accounting policies and other explanatory information (collectively referred to as the "financial statements").

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as at March 31, 2021, and its financial performance and its cash flows for the year ended March 31, 2021 in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 of the accompanying financial statements, which indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Other Matter

The financial statements for the year ended March 31, 2020, which is presented for comparative purposes, were audited by another auditor who expressed an unmodified opinion on those financial statements on July 29, 2020.

Other Information

Management is responsible for the other information, which comprises the information included in the Management's Discussion and Analysis filed with the relevant Canadian Securities Commissions.

Our opinion on the financial statements does not cover the other information and do not and will not express any form of assurance conclusion thereon. In connection with our audits of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit and remain alert for indicators that the other information appears to be materially misstated.

If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

The engagement partner on the audit resulting in this independent auditors' report is Fernando J. Costa.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

1. Nature and continuance of operations

Academy Metals Inc., (“Academy” or the “Company”) is in the business of the acquiring, exploring and developing mineral exploration properties. The Company is currently in the exploration stage of developing its exploration and evaluation assets and has not yet determined whether the properties contain mineral reserves that are economically recoverable. The Company’s shares are listed on the TSX Venture Exchange (“TSX-V”) under the symbol “AM.V”. On June 24, 2021, the Company completed a share consolidation at a ratio of one new, post-consolidated share, for every ten old, pre-consolidated shares. All share amounts in these financial statements are reflected on a post-consolidated basis.

The Company’s head office, principal address and registered and records office is 313 – 515 West Pender Street, Vancouver, B.C., V6B 6H5.

These financial statements have been prepared on the assumption that the Company will continue as a going concern, meaning it will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the ordinary course of operations. Different bases of measurement may be appropriate if the Company is not expected to continue operations for the foreseeable future. As at March 31, 2021 the Company had not advanced its exploration and evaluation assets to commercial production and is not able to finance day to day activities through operations. The Company has incurred operating losses since inception and at March 31, 2021, had an accumulated deficit of \$11,865,969. The Company expects to incur further losses in the development of its business, which indicates that a material uncertainty exists that may cast significant doubt about the Company’s ability to continue as a going concern.

The Company’s continuation as a going concern is dependent upon the successful results from its mineral property exploration activities and its ability to attain profitable operations and generate funds there from and/or raise equity capital or borrowings sufficient to meet current and future obligations. Management intends to finance operating costs over the next twelve months from proceeds of private placements of its common shares.

These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence.

The outbreak of the Coronavirus Disease 2019, or COVID-19, has spread across the globe and is impacting worldwide economic activity. This global pandemic poses the risk that the Company or its clients, employees, contractors, suppliers, and other partners may be unable to conduct regular business activities for an indefinite period of time. At this point, the impact on the Company has been minimal. The Company continues to monitor the situation and is taking all necessary precautions in order to follow rules and best practices as set out by the federal and provincial governments.

These financial statements were authorized for issue on July 29, 2021 by the directors of the Company.

2. Significant accounting policies and basis of presentation

Basis of presentation

These financial statements, including comparatives, have been prepared in accordance with International Accounting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”). These financial statements have been prepared on a historical cost basis, except for financial instruments. In addition, these financial statements have been prepared using the accrual basis of accounting except for cash flow information.

Critical accounting judgments and key sources of estimation uncertainty

The preparation of financial statements in accordance with IFRS requires the Company to make estimates and assumptions concerning the future. The Company’s management reviews these estimates and underlying assumptions on an ongoing basis, based on experience and other factors, including expectations of future events

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

2. Significant accounting policies and basis of presentation (cont'd)

Critical accounting judgments and key sources of estimation uncertainty (cont'd)

that are believed to be reasonable under the circumstances. Revisions to estimates are adjusted for prospectively in the period in which the estimates are revised.

The following are critical judgments and areas involving estimates, that management have made in the process of applying the Company's accounting policies that have the most significant effect on the amount recognized in the financial statements.

a) Critical judgments in applying accounting policies

Going concern evaluation

As discussed in note 1, these financial statements have been prepared under the assumptions applicable to a going concern. If the going concern assumption were not appropriate for these financial statements then adjustments would be necessary to the carrying value of assets and liabilities, the reported expenses and the statement of financial position classifications used and such adjustments could be material.

The Company reviews the going concern assessment at the end of each reporting period. There were no material changes to the assessment as at March 31, 2021.

Review of asset carrying value and impairment assessment

In accordance with our policy, each asset or cash generating unit is evaluated every reporting period to determine whether there are any indications of impairment. If such an indication exists, which is often judgmental, a formal estimate of recoverable amount is performed and an impairment loss is recognized to the extent that the carrying value exceeds the recoverable amount. The recoverable amount of an asset or cash generating unit is measured at the higher of fair value less costs to sell or value in use.

b) Key sources of estimation uncertainty

Income taxes

Deferred tax assets are recognized for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and carry-forward of unused tax assets and unused tax losses can be utilized. In addition, the valuation of tax credits receivable requires management to make judgments on the amount and timing of recovery.

Share-based payments

Share-based payments to employees are measured at the fair value of the instruments issued and amortized over the vesting periods. Share-based payments to non-employees are measured at the fair value of goods or services received or the fair value of the equity instruments issued, if it is determined the fair value of the goods or services cannot be reliably measured, and are recorded at the date the goods or services are received. The fair value of options is determined using the Black Scholes Option Pricing Model. The number of shares and options expected to vest is reviewed and adjusted at the end of each reporting period such that the amount recognized for services received as consideration for the equity instruments granted shall be based on the number of equity instruments that eventually vest.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

2. Significant accounting policies and basis of presentation (cont'd)

Exploration and evaluation expenditures

Exploration and evaluation expenditures include the costs of acquiring licenses, costs associated with exploration and evaluation activity, and the fair value (at acquisition date) of exploration and evaluation assets acquired in a business combination. Exploration and evaluation expenditures are capitalized. Costs incurred before the Company has obtained the legal rights to explore an area are recognized in comprehensive loss.

Exploration and evaluation assets are assessed for impairment if (i) sufficient data exists to determine technical feasibility and commercial viability, and (ii) facts and circumstances suggest that the carrying amount exceeds the recoverable amount.

Once the technical feasibility and commercial viability of the extraction of mineral resources in an area of interest are demonstrable, exploration and evaluation assets attributable to that area of interest are first tested for impairment and then reclassified to mining property and development assets within property, plant and equipment.

Recoverability of the carrying amount of any exploration and evaluation assets is dependent on successful development and commercial exploitation, or alternatively, sale of the respective areas of interest.

Restoration and environmental obligations

The Company recognizes liabilities for statutory, contractual, constructive or legal obligations associated with the retirement of long-term assets, when those obligations result from the acquisition, construction, development or normal operation of the assets. The net present value of future restoration cost estimates is capitalized to exploration and evaluation assets along with a corresponding increase in the restoration provision in the period incurred. Discount rates using a pre-tax rate that reflect the time value of money are used to calculate the net present value. The restoration asset will be depreciated on the same basis as other mining assets.

Changes are recorded directly to mining assets with a corresponding entry to the restoration provision. The Company's estimates are reviewed annually for changes in regulatory requirements, discount rates, effects of inflation and changes in estimates.

Changes in the net present value, excluding changes in the Company's estimates of reclamation costs, are charged to profit and loss for the period.

The net present value of restoration costs arising from subsequent site damage that is incurred on an ongoing basis during production are charged to profit or loss in the period incurred.

The costs of restoration projects included in the provision are recorded against the provision as incurred. The costs to prevent and control environmental impacts at specific properties are capitalized in accordance with the Company's accounting policy for exploration and evaluation assets.

Impairment of assets

The carrying amount of the Company's assets (which include exploration and evaluation assets) is reviewed at each reporting date to determine whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. An impairment loss is recognized whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognized in the statements of loss and comprehensive loss.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

2. Significant accounting policies and basis of presentation (cont'd)

Impairment of assets (cont'd)

The recoverable amount of assets is the greater of an asset's fair value less cost to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss is only reversed if there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount, however, not to an amount higher than the carrying amount that would have been determined had no impairment loss been recognized in previous years. Assets that have an indefinite useful life are not subject to amortization and are tested annually for impairment.

c) Accounting Policies

Loss per share

Basic loss per share is calculated by dividing the loss attributable to common shareholders by the weighted average number of common shares outstanding in the period. For all periods presented, the loss attributable to common shareholders equals the reported loss attributable to owners of the Company. Diluted loss per share is calculated by the treasury stock method. Under the treasury stock method, the weighted average number of common shares outstanding for the calculation of diluted loss per share assumes that the proceeds to be received on the exercise of dilutive share options and warrants are used to repurchase common shares at the average market price during the period.

Cash

Cash consists of cash held in lawyers' trust accounts and deposits in banks.

Financial instruments

The following is the Company's accounting policy for financial instruments under IFRS 9 Financial Instruments:

(i) Classification

The Company classifies its financial instruments in the following categories: at fair value through profit and loss ("FVTPL"), at fair value through other comprehensive income (loss) ("FVTOCI") or at amortized cost. The Company determines the classification of financial assets at initial recognition. The classification of debt instruments is driven by the Company's business model for managing the financial assets and their contractual cash flow characteristics. Equity instruments that are held for trading are classified as FVTPL. For other equity instruments, on the day of acquisition the Company can make an irrevocable election (on an instrument-by-instrument basis) to designate them as at FVTOCI. Financial liabilities are measured at amortized cost, unless they are required to be measured at FVTPL (such as instruments held for trading or derivatives) or if the Company has opted to measure them at FVTPL.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

2. Significant accounting policies and basis of presentation (cont'd)

(ii) Measurement

Financial assets and liabilities at amortized cost

Financial assets and liabilities at amortized cost are initially recognized at fair value plus or minus transaction costs, respectively, and subsequently carried at amortized cost less any impairment. The Company classifies cash, accounts payable, and loans payable at amortized cost.

Financial assets and liabilities at FVTPL

Financial assets and liabilities carried at FVTPL are initially recorded at fair value and transaction costs are expensed in the statements of loss and comprehensive loss. Realized and unrealized gains and losses arising from changes in the fair value of the financial assets and liabilities held at FVTPL are included in the statements of loss and comprehensive loss in the period in which they arise.

Debt investments at FVTOCI

These assets are subsequently measured at fair value. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in other comprehensive income ("OCI"). On derecognition, gains and losses accumulated in OCI are reclassified to profit or loss

Equity investments at FVTOCI

These assets are subsequently measured at fair value. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are never reclassified to profit or loss.

(iii) Impairment of financial assets at amortized cost

The Company recognizes a loss allowance for expected credit losses on financial assets that are measured at amortized cost. At each reporting date, the Company measures the loss allowance for the financial asset at an amount equal to the lifetime expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition. If at the reporting date, the financial asset has not increased significantly since initial recognition, the Company measures the loss allowance for the financial asset at an amount equal to the twelve month expected credit losses. The Company shall recognize in the statements of comprehensive loss, as an impairment gain or loss, the amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized.

(iv) Derecognition

Financial assets

The Company derecognizes financial assets only when the contractual rights to cash flows from the financial assets expire, or when it transfers the financial assets and substantially all of the associated risks and rewards of ownership to another entity.

Financial liabilities

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire. The Company also derecognizes a financial liability when the terms of the liability are modified such that the terms and / or cash flows of the modified instrument are substantially different, in which case a new financial liability based on the modified terms is recognized at fair value.

Gains and losses on derecognition are generally recognized in statements of loss and comprehensive loss.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

2. Significant accounting policies and basis of presentation (cont'd)

Share purchase warrants

The Company may enter into a financing arrangement requiring the issuance of warrants to holders as part of the transaction. Warrants may also be issued to brokers or finders as consideration for services provided. Warrants issued for services provided are measured at the fair value of services received. Only if the fair value of the services cannot be measured reliably would the fair value of the equity instruments granted be used. Warrants not issued in exchange for goods or services can be classified as a derivative financial liability or an equity instrument depending on the terms and conditions of the warrants. Consideration received on the sale of a share and share purchase warrant classified as equity is allocated, within equity, to their respective equity accounts on a reasonable basis. The allocation method the Company uses is residual method.

Income taxes

Income tax expense comprises current and deferred tax. Income tax expense is recognized in the statement of comprehensive loss except to the extent that it relates to items recognized directly in equity or other comprehensive income, in which case it is recognized in equity or other comprehensive income, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognized using the liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognized on the initial recognition of assets or liabilities in a transaction that is not a business combination. In addition, deferred tax is not recognized for taxable temporary differences arising on the initial recognition of goodwill. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

A deferred tax asset is recognized to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Share-based payments

Share-based payments to employees and others providing similar services are measured at the estimated fair value of the instruments issued on the grant date and amortized over the vesting periods. Share-based payments to non-employees are measured at the fair value of the goods or services received or the fair value of the equity instruments issued if it is determined the fair value of the goods or services cannot be reliably measured, and are recorded at the date the goods or services are received. The amount recognized as an expense is adjusted to reflect the number of awards expected to vest. The offset to the recorded cost is to equity settled share-based payments reserve.

Consideration received on the exercise of stock options is recorded as share capital and the related equity settled share-based payments reserve is transferred to share capital. Charges for options that are forfeited before vesting are reversed from equity settled share-based payment reserve.

Share-based compensation expense relating to deferred share units is accrued over the vesting period of the units based on the quoted market price. As these awards can be settled in cash, the expense and liability are adjusted each reporting period for changes in the underlying share price.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

3. Accounting standards, interpretations and amendments issued but not yet effective

The Company has performed an assessment of new standards issued by the IASB that are not yet effective. The Company has assessed that the impact of adopting these accounting standards on its financial statements would not be significant.

4. Exploration and evaluation assets

A summary of the Company's exploration and evaluation assets is shown below:

	Loughborough Claims	Enid Project	Margurete Gold	Other	Total

Exploration and evaluation expenditures incurred on the Enid Project for the year ended March 31, 2021 related to an assessment report.

a) Margurete Gold Property (British Columbia, Canada)

On September 5, 2017, the Company entered into an agreement to earn 100% interest in certain mineral claims, referred to as the Margurete Gold Property ("Margurete") by paying the following:

- \$50,000 in cash;
- A further \$90,000 in 18 months;
- A further \$200,000 in 36 months;
- The Company must complete \$300,000 exploration expenditures within 5 years of the signing of the agreement.

The purchaser has the right to accelerate any of the payments completed under this agreement.

A 1% GORR ("Gross Overriding Royalty") has been granted to the vendor, of which 0.5% can be purchased by the Company for \$1,000,000.

During the year ended March 31, 2018, the Company incurred \$50,000 in acquisition cost and \$35,480 in exploration expenditures on the Margurete Gold Property.

On June 6, 2018, the Company amended its Option Agreement for the Margurete Property, originally dated September 5, 2018. Under the amended terms, the previous GORR will be replaced with an NSR ("Net Smelter Return"). The arms-length Vendor shall retain a 1% NSR, with a buyback provision 0.5% to the Company for \$1,000,000.

4. Exploration and evaluation assets (cont'd)

a) *Margurete Gold Property (British Columbia, Canada) (cont'd)*

On August 7, 2019, the Company announced that it had received a default notice from the vendor with respect to an option agreement entered into by the Company in connection with the acquisition of Margurete.

During the year ended March 31, 2021, the Company was unable to renegotiate the terms of the option agreement and recorded an impairment of \$158,738 to write off all the accumulated costs.

The Company is currently in discussions with the vendor to renegotiate the terms of the option agreement.

b) *Hewitt Point Project*

On March 5, 2019, the Company staked an additional 530 hectares of minerals claims in the Phillips Arm Gold Camp. These additional claims are known as the Hewitt Point Project and expand the Margurete Gold Project.

c) *Enid Project*

On April 8, 2019, the Company acquired an additional 739 hectares of mineral claims in the Phillips Arm Gold Camp known as the Enid Project which adjoins the Company's Margurete Gold Project. The additional claims comprising the Enid Project were purchased from an arm's length vendor for a one-time cash payment of \$300,000. In connection with the acquisition, the Vendor retained a 2% net smelter returns royalty, and one-half of the royalty may be purchased for a cash payment of \$1,000,000.

During the year ended March 31, 2021, the Company incurred \$Nil (2020 - \$300,000) in acquisition expenditures and \$2,500 (2020 - \$81,769) in exploration expenditures on the Enid Project.

d) *Loughborough Claims*

On June 17, 2019, the Company acquired by staking an additional 739 hectares mineral claim, increasing the Company's holdings in the Phillips Arm Gold Camp. This claim connects the Margurete Gold property to the western extent of Loughborough Inlet. During the year ended March 31, 2021, the Company incurred staking costs for this claim in the amount of \$nil (2020 - \$1,294).

5. Share capital

Authorized

Unlimited number of common shares without par value

Issued

At March 31, 2021 there were 1,780,079 (2020 – 1,780,079) issued and outstanding common shares.

2021

Subsequent to the year end, the Company consolidated all its issued and outstanding share capital on a basis of one post-consolidated share for ten pre-consolidated shares. All share and per share amounts in these financial statements have been retroactively adjusted to reflect this share consolidation.

2020

On April 4, 2019, the Company issued 5,000 common shares pursuant to the exercise of warrants at a price of \$1.30 per share for total cash proceeds of \$6,500.

On June 10, 2019, the Company issued 2,500 common shares pursuant to the exercise of warrants at a price of \$1.30 per share for total cash proceeds of \$3,250.

On July 4, 2019, the Company issued 2,500 common shares pursuant to the exercise of warrants at a price of \$1.30 per share for total cash proceeds of \$3,250.

Share-based payment reserve

Share-based payment reserve records the fair value of warrants and options issued for services until such time that the options and warrants are exercised, at which time the corresponding amount will be transferred to share capital.

Stock options

The Company has a Stock Option Plan (the “Plan”), which follows the policies of the TSX-V regarding stock option awards granted to employees, directors and consultants. The stock option plan allows a maximum of 10% of the issued shares to be reserved for issuance under the plan.

As at March 31, 2021 and 2020, there were no outstanding options.

Warrants

Warrant activity for the years ended March 31, 2021 and 2020 is presented below:

	2021		2020	
	Number of Warrants	Weighted average exercise price	Number of Warrants	Weighted average exercise price
Outstanding - beginning of year	-	\$ -	10,000	\$ 1.30
Exercised	-	-	(10,000)	1.30
Outstanding - end of year	-	\$ -	-	\$ -

As at March 31, 2021, the Company had no warrants outstanding.

(Expressed in Canadian Dollars)

6. Accounts payable and accrued liabilities

	March 31 2021	March 31 2020
Trade and interest payable	\$ 240,284	168,725
Accrued liabilities	63,000	63,000
	\$ 303,284	\$ 231,725

7. Loans payable

Loans payable in the amount of \$863,875 (2020 - \$797,375) are unsecured and bear interest between 5% and 10% per annum. The loans are due on demand and are required to be repaid upon the next round of financing completed by the Company.

As at March 31, 2021, \$123,759 (2020 - \$61,418) in accrued interest was included in accounts payable.

8. Related party transactions

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties may be individuals or corporate entities. A transaction is considered to be a related party transaction when there is a transfer of resources or obligations between related parties.

During the year ended March 31, 2021, the Company:

- a) Incurred consulting fees of \$6,000 (2020 - \$6,000) from a director of the Company.
- b) Incurred geological consulting fees of \$18,000 (2020 - \$18,000) from a company controlled by the CEO of the Company.
- c) Incurred accounting fees of \$3,600 (2020 - \$3,600) from the CFO of the Company.
- d) The Company recognized interest expense of \$5,275 (2020 - \$7,852) for loans received from directors and former directors. These loans are unsecured and bear interest at 10% per annum due upon receipt of next financing. Included in accounts payable and accrued liabilities is interest owing on these loans of \$12,118 (2020 - \$8,845).

At March 31, 2021, included in accounts payable and accrued liabilities is an amount of \$137,670 (2020 - \$107,250) for fees owing to directors and a former director of the Company.

Key management is comprised of the Company's directors and executive officers. The Company had the following transactions with key management personnel:

	March 31, 2021	March 31, 2020
Management and consulting fees	\$ 27,600	\$ 27,600

9. Capital management

The Company manages its capital structure, consisting of working and share capital, and makes adjustments to it depending on the funds available to the Company for acquisition, exploration and development of exploration and evaluation assets. The Board of Directors does not establish quantitative return on capital criteria for management, but rather relies on the expertise of the Company's management to sustain future development of the business.

The exploration and evaluation assets in which the Company currently has interests are in the exploration stage. As such, the Company is dependent on external financing to fund its activities. In order to carry out its planned exploration and pay for on-going general and administrative expenses, the Company will use existing working capital and expects to raise additional amounts through related parties or private placements as needed. The Company will continue to assess new exploration and evaluation assets and seeks to acquire additional interests if sufficient geologic or economic potential is established and adequate financial resources are available.

ACADEMY METALS INC.
Notes to the financial statements
As at and for the years ended March 31, 2021 and 2020
(Expressed in Canadian Dollars)

9. Capital management (cont'd)

Management reviews its capital management approach on an on-going basis and believes that this approach, given the small size of the Company, is reasonable. The Company is not subject to externally imposed capital requirements and there were no significant changes in its approach to capital management during the year ended March 31, 2021.

10. Financial instruments and risk management

Financial instruments

Fair value

As at March 31, 2021, the Company's financial instruments consisted of cash, accounts payable and accrued liabilities, and loans payable. The fair values of cash, accounts payable, and loans payable approximate their carrying values.

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities;

Level 2: Inputs other than quoted prices which are observable for the asset or liability either directly or indirectly;

Level 3: Inputs that are not based on observable market data

Risk management

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Company's primary exposure to credit risk is on its cash held in bank accounts. The majority of cash is deposited in bank accounts held with one major bank in Canada so there is a concentration of credit risk. This risk is managed by using a major bank that is a high credit quality financial institution as determined by rating agencies. The Company's secondary exposure to risk on its sales tax receivable is minimal since it is recoverable from the Canadian government.

Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the Company's functional currency. The Company only operates in Canada and is therefore not exposed to foreign exchange risk arising from transactions denominated in a foreign currency.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flow of a financial instrument will fluctuate because of changes in market interest rate. The Company's exposure to interest rate risk relates to its ability to earn interest income on cash and cash equivalents balances at variable rates. The risk is minimal.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company has a planning and budgeting process in place to help determine the funds required to support the

(Expressed in Canadian Dollars)

10. Financial instruments and risk management (cont'd)

Liquidity risk (cont'd)

Company's normal operating requirements on an ongoing basis. The Company attempts to ensure there is sufficient access to funds to meet on-going business requirements, taking into account its current cash position and potential funding sources.

11. Income taxes

The following table reconciles the expected income tax expense (recovery) at the Canadian statutory rates to the amounts recognized in the statements of operations and comprehensive loss for the years ended March 31, 2021 and 2020:

	2021	2020
	\$	\$
Loss before taxes	(299,430)	(988,809)
Statutory tax rate	27.00%	27.00%
Expected tax recovery	(80,846)	(266,978)
Differences resulting from:		
Non-deductible items and other	-	4,240
Change in deferred tax asset not recognized	80,846	262,738
Total income tax expense (recovery)	-	-

The unrecognized deductible temporary differences as at March 31, 2021 and 2020 are comprised of the following:

	2021	2020
	\$	\$
Exploration and evaluation assets	3,973,901	3,815,163
Property and equipment	162	162
Financing costs	2,019	3,028
Non-capital losses	4,224,622	4,082,921
Total unrecognized deductible temporary differences	8,200,704	7,901,274

As at March 31, 2021, the Company has not recognized a deferred tax asset in respect of non-capital loss carry-forwards of approximately \$4,224,622 (2020: \$4,082,921) which may be carried forward to apply against future income for Canadian income tax purposes, subject to the final determination by taxation authorities, expiring in the following years:

2027	\$ 75,426
2028	69,849
2029	143,164
2030	142,938
2031	235,120
2032	382,724
2033	203,815
2034	236,746
2035	366,086
2036	155,735
2037	418,102
2038	517,658
2039	153,395
2040	982,163
2041	141,701
	\$ 4,224,622

12. Subsequent events

On April 13, 2021, the Company granted 70,000 incentive stock options to consultants of the Company. These options vested immediately and are exercisable at \$0.85 per share for a period of one year expiring on April 13, 2022.

On April 19, 2021, the Company issued 70,000 common shares pursuant to the exercise of these share options for gross proceeds of \$59,500.

On June 24, 2021, the Company consolidated all its issued and outstanding share capital on a basis of one post-consolidated share for ten pre-consolidated shares (Note 5).
